Company Profile

AL MOOSAWI TRADING L.L.C, is established in 1986, is recognized in Dubai (U.A.E) as a leading supplier of marine applications and industrial components in the Gulf region. We are known as “the home and one stop shop” for Marine applications. Our range of supply includes Valves, Pipe fitting, Flanges, and other consumables in all grades of material to the ship supplies, tankers, oil and gas, petrochemical, onshore and offshore sectors. For the past 25 years Al Moosawi group has made significant contributions to various industrial segments like the onshore and offshore.

The prime objective of the company is to maintain and improve market leadership in the supply of our products “off-the-rack” by maintaining large inventories at any point of time with a vast product choice. Our offices and warehouse facilities are strategically located all over United Arab Emirates in order to serve our customers with maximum efficiency. Our enormous buying power and knowledge of the market, and distribution system guarantee maximum product availability.

METALLIC & RUBBER EXPANSION JOINTS

Metallic bellows expansion joints, threaded and flanged connection.
Material-SS, NBR, EPDM.

STREAM ACCESSORIES

Steam traps, Sounding Cocks, Gland cocks.

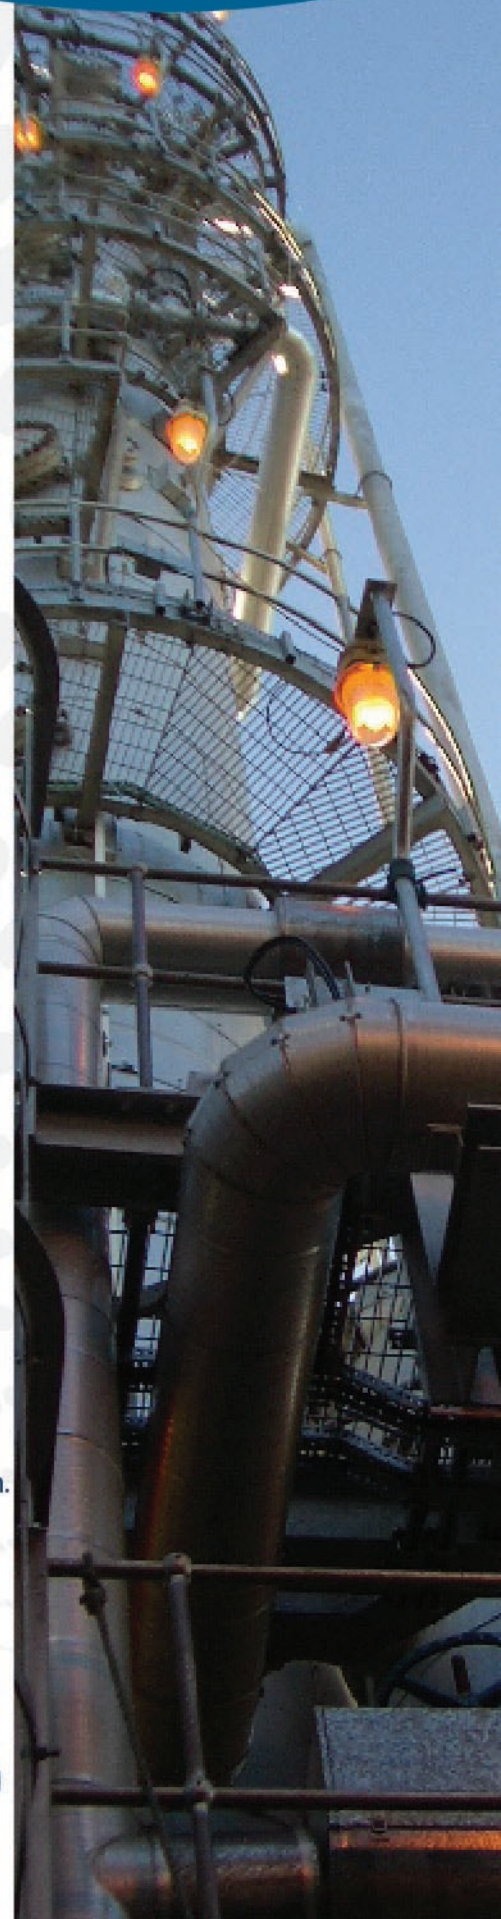

BUTTERFLY VALVES

Wafer, Double Flanged and Lugged type
Material-Cast iron, Cast steel and Stainless Steel.

Gate, Globe, Angle and Check valves

Highly efficient valves, dual and flap check valves, threaded & flanged connection.
Material-iron, steel, ss, brass, bronze
Standard: ANSI #150/300/600, DIN PN10/16/25/40, JIS 5K/10K/16K/20K/40K

Our Products

PRESSURE REDUCING VALVES AND CONTROL VALVES

Water pressure reducing valves, Relief Valves
Flanged and treaded.

STRAINERS & BALANCING VALVES

Y-PATTERN with threaded and flanged, Basket Strainer & DRV (Balancing Valve)

CLAMPS & PIPE COUPLINGS

Pipe Repair Clamps, Pipe Flexible Couplings, Grooved Couplings.

FITTINGS

Butt-welded fittings (15mm to 1200mm) According to ASME/ASTM, MSSP, BS1965
Elbow long & short radiu, Equal & reducing tees
Eccentric reducers, Concentric reducers, Caps.

FORGED STEEL FITTINGS (threaded and socket welded)

According to: ASTM A105 & ASTM A182 grade in class 3000, 6000, sch40, 80, 160, xxs
Elbows,tee,unions,socket, reducing bush, hex nipple, swage nipple, welded outlet,
nipple outlet, elbow outlet, socket welding outlet, threaded outlet.

MALLEABLE IRON FITTINGS

According to ASME/ANSI/BS
Elbows, reducing elbows, tees, unions, sockets, reducing sockets, reducing bushes,
hex nipples, reducing nipple, caps, pitcher tees.

FLANGES

Weld neck, slip-on, socket weld, threaded, blind, lap joint, and spectacle blind
According to ASTM A 105, A181, A182, (ANSI CLASS 150-2500),
BS4504/EN 1092-1 (PN6-PN40).

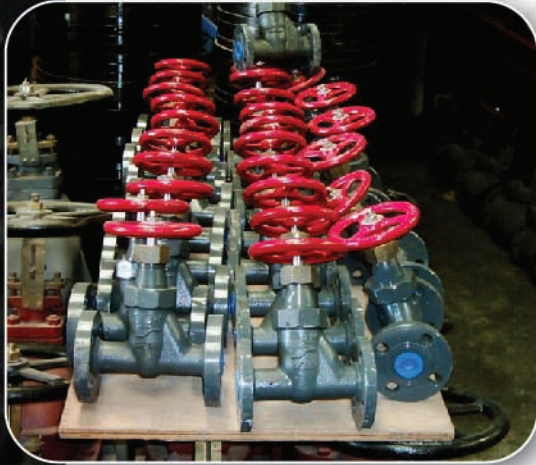

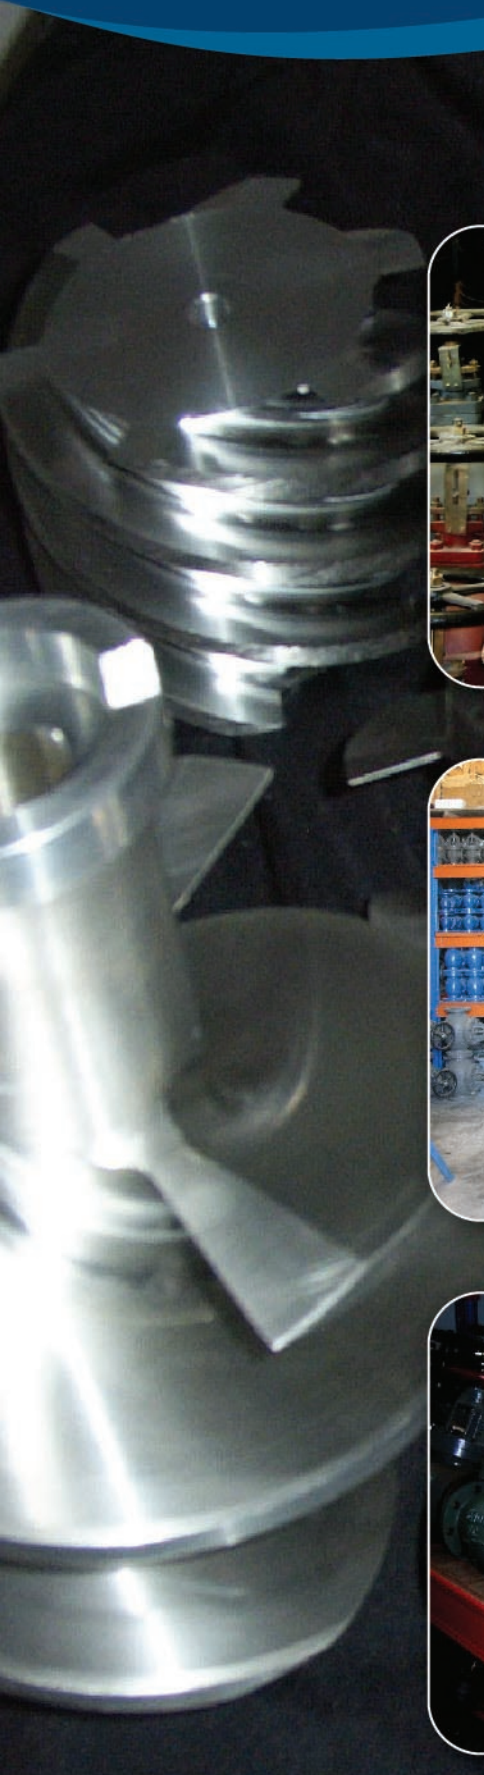

OTHER VALVES

Storm Valve, Air Vent Head Float Ball type and Disc type,
Emergency Quick Closing Valves, Fire Valves.
